The Rich Man and Lazarus

The Rich Man and Lazarus is a powerful story reminding us that we are called to live our faith in our daily lives through generosity towards the poor and in working towards justice in our world. We do this in a variety of ways and we can see the goodness around us in those who are living examples of the Christian message. We are now called to listen urgently to the cry of the earth and to reflect on the injustices caused by the climate crisis. Millions of people are suffering worldwide through drought, sea-level rise and a breakdown of the earth's ecological systems.

The governments of the world must act. They will only do so if the public demand it. We have a responsibility to ensure they do so. We are at a crossroads as a global community and we have the solutions. Let us go forward together to a more sustainable future and listen to the cry of the earth and the cry of the poor.
