Greetings from Haiti to all parishioners of St. Brigid's. As the baby in Elizabeth's womb leapt for joy at the greeting of Mary during the Visitation, so too did our hearts fill with joy for your huge contribution toward the water project at l'École Mixte la Fraternité.

We are so pleased to receive such great news and may God bless each member of your parish community abundantly.

Thank you cannot be enough and we feel that even if we had ten thousand tongues, they will not be enough, but be assured that we will forever remember you as loving us.

Once the project begins we will keep you informed as it progresses.

Thank you,

*Helen, Nathalie, Fr. Roland and Joan Mary*
